

Proud Manufacturer of
Black Stallion® and BSX® Brands

TruGuard™ 250 Class 2 FR Cotton Vest

The NEW TruGuard™ 250 Class 2 FR Cotton Vest is designed for workers in hazardous conditions where being “seen” is critical. ANSI/ISEA 107-2015 Type R Class 2 compliant; also NFPA 70E and ASTM 1506 compliant. ATPV 8.2 cal/cm².

VF1110

Sizes: S, M, L, XL, 2XL, 3XL, 4XL

**FLAME-RESISTANT
REFLECTIVE STRIPING**
meets ANSI/ISEA standards for
retroreflective material

NEW

**HI-VIS YELLOW
FR-TREATED 100% COTTON**
provides protection from
heat and sparks and is ANSI/
ISEA 107-2015 certified

**CONCEALED SNAP
FASTENERS**
allow for quick and
convenient on and off

**7 EXTERIOR
POCKETS**
provide lots of
options for securing
small tools and gear

“X” PATTERN
alerts others to
when wearer’s
back is turned

Four pockets on left chest hold pencils,
markers and other small items.

Unique reflective stripe configuration on back maximizes
available print area (additional charges apply).

Targeted Applications & Industries

Designed for workers in environments exposed to traffic in the roadway, temporary traffic control (TCC) zones, or from work vehicles. Targeted applications include utility workers, railway workers, oil and gas extraction workers, refinery workers, and roadway construction workers.
